CORE VALUES

Our EXPERIENCE, RELIABILITY and VALUE FOR MONEY gives you the service you require every time.

Which is a QUALITY PRODUCT & SERVICE, DELIVERED WITHIN BUDGET.

SAVE MONEY

Blurred Circle has relationships with hundreds of suppliers, who each specialise in different areas.

Blurred Circle know which are the most cost-effective suppliers for each individual project, which keeps your costs to a minimum without compromising quality.

REDUCE RISK

It is notoriously easy to ask for the wrong thing, the wrong materials for the wrong applications,

Blurred Circle will guide you through the printing process.

DESIGN

How We Work
1. Initial Consultation: The first step in the process towards achieving the kitchen of your dreams is to schedule a showroom appointment for an initial consultation which you can book on our website. In the initial consultation, we want to hear about what you want your kitchen to look like, and your dream appliance package. In home consultations are available for a visit fee of $1,250 which can be paid on our website and will be applied to your kitchen purchase, but is not refundable.
2. Retainer: Based on your initial consultation, we will develop a written budget proposal, and develop initial design drawings so you understand what the budget covers. If you agree that the budget is acceptable, we will require a retainer payment to move forward to the "Design Phase". The retainer will be applied to your kitchen cabinetry purchase and is not refundable if you do not purchase your kitchen from us. Retainers are the greater of $5,000 or 10% of your kitchen budget.
3. Design Phase: In the design phase, we come to your home and take detailed measurements and take an inventory of your storage needs. We will release our drawings to your contractor, architect, interior designer, and condo or co-op building. We will also determine the finishes and order the door sample for your project.
4. Contract Phase: At this point, you are ready to order your kitchen. We will review with you the photographic renderings of your kitchen. We also walk you through the dimensioned technical drawings, storage solutions, door samples and finish samples for your approval. After review and approval we will move to contract signing and require your
5. Site Coordination: This is the se... part of what we do to ensure your kitchen installation goes quickly. Townhouse Kitchens spends a great deal of time on your construction site with the general contractor checking framing dimensions, plumbing roughs, and electrical requirements. While your contractor is fully responsible for these items, delays can be prevented if we work hand in hand with your general contractor to make sure that no requirement for your kitchen is overlooked. This service is included in your kitchen cabinetry contract and goes a long way to ensuring a smooth installation!
6. Installation Phase: This is the moment that every homeowner waits for... the delivery! Ten business days prior to delivery, we will request the remaining 45% of the cabinetry purchase price as shown in the contract. We will bring the cabinets into your home with our insured professional cabinet movers, then our experienced carpenters will take over. Most cabinet installations are completed within one week. Countertops, backsplash and plumbing will follow in the ensuing 3-5 weeks after cabinetry installation.
7. Final Unveiling: At this point, your contractor is done and ready for you to move in! At in-cabinet accessories, and any accidental finish damages that may have happened during construction. Our goal is to make sure that you are happy with the finished project. Your final 5% will be due at move in, and we wish you the very best culinary experience in your new home!
TOWNHOUSE KITCHENS
Things We Don't Do: Townhouse Kitchens is not a construction company so you will need a general contractor for the construction. Examples of construction services that should be provided by a general contractor are demolition, application for building permits, co-op or condo alteration agreements and requirements, licensed insured plumber,

GRAPHIC DESIGN

Blurred Circle offer graphic design, website and social media design and print management solutions. You can come to Blurred Circle for any design work.

Design is not just about creating something that looks amazing, it is also creating something that captures your target audience and gets results you're aiming for. Blurred Circle can help with a new design, a redesign and reimagine, or recreation from an old project.

PROOFREADING

Proofreading can be vital for spotting mistakes, plus identifying potential improvements to your writing that really takes things to the next level and make your words shine.

By identifying superficial flaws, we will help you produce higher-quality documents; crisper, tighter copy that is smooth and enjoyable to read, gets your message across and helps you achieve your business aims.

Different from editing, proofreading is the final step in the editing process.

WE OFFER THIS AS AN IN-HOUSE ADD-ON, PRIOR TO BEGINNING OUR DESIGN AND/OR PRINT SERVICES WITH YOU.

COPYWRITING

As well as allowing us to take the stress out of design and print for you, why not consider doing the same for copywriting too? We can help take care of this as part of the package, working with you to help get those all-important key messages across, through quality text that shines.

Whether its menus for a café or restaurant, wording on a leaflet, or engaging copy for your website, please let us know if you would like us to help with this element of your job.

Perhaps you already have some text but could do with some copyediting?

WE CAN HELP TAKE IT TO THE NEXT LEVEL

If you are considering asking us to help with copywriting or copyediting, in addition to design and print and/or proofreading, please allow extra time for this part of the process.

Different from editing, proofreading is the final step in the editing process.

We offer this as an in-house add-on, prior to beginning our design and/or print services with you.

PROBLEM SOLVER

CONSULTANCY

PRINT

Why spend time attempting to manage your own project when you can have us on hand?

Blurred Circle have a vast knowledge of the whole commercial print industry, from variable digital print to sheet fed lithographic printing and large format printing.

You will benefit from our size and scale which means we can deliver cost effective solutions.

Blurred Circle have the experience and capability to handle all of your print service requirements. Whether this is a flyer or postcard, a catalogue or brochure, PUR book or your Point of Sale (POS) and exhibition printing.

With our suppliers relentless investment in new technologies your work will be produced using the latest cutting-edge equipment ensuring the highest level of print quality and finish.

Blurred Circle uses our vast list of trade suppliers to relay their knowledge and expertise, price and quality to all of your projects.

What is the difference between a printer and a print consultancy specialist?

Blurred Circle are a print consultant, we simply manage all of your printing elements from quotation to design (if required) then completion and delivery of the project. The benefit of a print management specialist is to remove the stress from you and allow you to continue to work on other projects.

A printer will have to invest money in different print equipment. Different print projects require different machines, therefore it is not feasible to print all jobs in-house. All high-street / online printers will outsource most of their printing, either to a central warehouse or third party company.

How printing with Blurred Circle works?

The process can start at the initial graphic design stage, we will advise on size, format, paper weight, material and print finish. We will also advise on your quantities to ensure you are choosing the correct product in a cost-effective manner.

PRINT PAPERS

SILK COATED
This stock is often considered the default choice for professional print. Silk coated stock has a slight sheen, giving vibrant colours, without a full gloss finish so it's still easy to read from.

UNCOATED
Without any kind of shine, uncoated stocks are the easiest to write on and are popular in business stationery items.

RECYCLED
We also offer a 100% Recycled Uncoated stock, made completely of recycled materials.

GLOSS COATED
For a real shine, you can choose our gloss coated stock. This stock gives your colours and photos an added vibrancy without the expense of added gloss lamination.

KRAFT
As an alternative to white and cream stocks, Kraft immediately stands out. Bear in mind that this is a brown stock when creating artwork; bright, contrasting colours will work but black ink is best.

CONQUEROR WOVE
We offer both white and cream stocks to choose from. These can quickly make any print look more professional.

WOODSTOCK PULP
You can still see the small fibres and grains of wood pulp. It's perfect for creating a natural look.

MOHAWK FELT CREAM
As our most textured option and with a slight cream tone, this stock will make any design feel more sophisticated. It's a popular choice for certificates and professional invites

TINTORETTO FEDRIGONI
Slightly textured and felt-marked on both sides, Tintoretto is our most premium stock choice. Felt-marked means that it is actually soft to the touch, for the ultimate luxury. It's a great choice for wedding stationery.

GOLD DUST
This pearlescent paper makes for very distinctive print. It's slightly golden in colour and dusted with a little glitter. Perfect for adding a hint of magic to your special occasion prints.

PRINT FINISHES

MATT LAMINATION
For a subtle yet highly sophisticated finish, matt lamination gives your print a smooth feel while reducing any glare. Matt laminated products have the added option for spot UV embellishments..

GLOSS LAMINATION
As the name suggests, gloss lamination adds a shiny coating to your work. Colours are made brighter and gradients are exaggerated – great for dramatic photography.

SOFT-TOUCH LAM
Also known as velvet lamination, soft-touch does exactly as it says on the tin – it makes your print soft to the touch. This is a very stylish and delicate print finish.

ANTIBACTERIAL LAM
Using small particles of silver ions, this lamination has natural antibacterial (Anti-Bac) properties. Keep your print, and the people who handle your print, safe from bacteria.

MATT / GLOSS ANTI-BAC
Matt Anti-Bac lamination is a smoother finish, perfect for clients who want to make a statement whilst keeping their customers safe. Gloss anti-bac lamination, adds a professional gloss finish.

FOILING
Add a flash of metallic colour to your designs with foiling – a sure-fire way to make your print more professional. Choose from gold, silver, rose gold, red, green, blue or holographic.

SPOT UV
Spot UV is used to highlight specific elements of your design with a highgloss coating. Use a high-build finish for even more texture or for something more subtle that still stands out, opt for a low-build finish.

FOLDING CHOICES

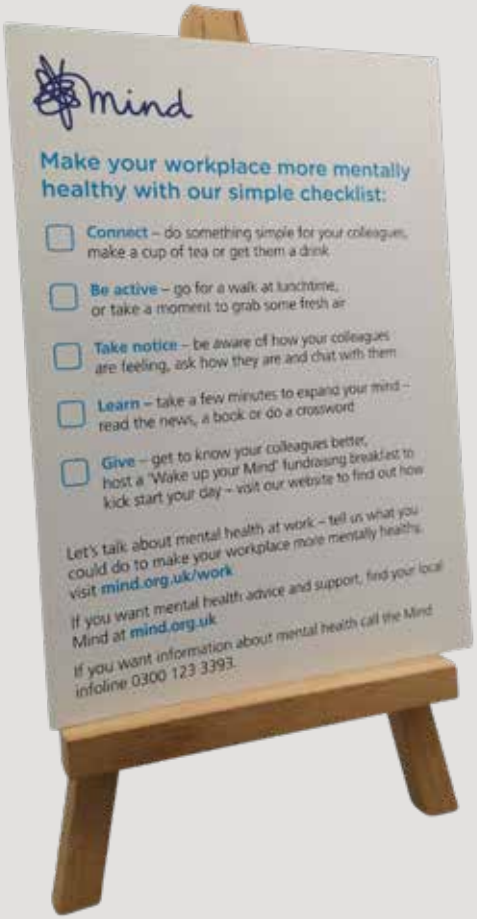
Greetings
FROM
NEW
YORK
CITY

Supporting employee mental wellbeing can help your organisation benefit from increased engagement and satisfaction.
Full of practical information and real-life stories, our Workplace Mental Health Training is designed to boost understanding and build resilience for staff and clients.
» Value for money: fixed price courses, not individual rates.
» Flexibility & choice: a range of short courses – you choose the date, duration and location; our trainer comes to you.
» Specialist knowledge: skilled and experienced trainers.
» Personal: small group size for maximum learner interaction and support.
Contact us to discuss your needs:
training@manchestermind.org
or call 0161 769 5732.
www.manchestermind.org



mind
Make your workplace more mentally healthy with our simple checklist:
Connect – do something simple for your colleagues, make a cup of tea or get them a drink
Be active – go for a walk at lunchtime, or take a moment to grab some fresh air
Take notice – be aware of how your colleagues are feeling, ask how they are and chat with them
Learn – take a few minutes to expand your mind – read the news, a book or do a crossword
Give – get to know your colleagues better, host a 'Wake up your Mind' fundraising breakfast to kick start your day – visit our website to find out how
Let's talk about mental health at work – tell us what you could do to make your workplace more mentally healthy. visit mind.org.uk/work
If you want mental health advice and support, find your local Mind at mind.org.uk
If you want information about mental health call the Mind infoline 0300 123 3393.

PUR BOOKS
(PERFECT BOUND BOOKLETS)

PUR bound books look professional and are beautifully finished. The squared off spine means they can be displayed, stored or stacked easily and neatly. With PUR bound books we can print on the spine too, so you can always see the title when the books are stacked.

If your document is between 40 and 700 pages, PUR perfect binding could be your perfect solution. With PUR book binding, we stack all the printed pages in a block and square them off. Then the pages are glued together along the spine with extremely strong PUR adhesive. The remaining three edges are then trimmed so that the edges of the block are perfectly neat. The printed cover is then wrapped around and glued on to the spine as well.

NCR (SETS, PADS & BOOKS)

In the printing industry the acronym NCR stands for No Carbon Required and it refers to a paper that has been treated to produce instant copies of the original, so no need for the old fashioned messy blue carbon paper! They can be customised to your exact requirements and are typically used as invoice books, receipt pads, school accident forms, waste transfer notes, hazardous waste notes, gas safety records and so on.

They can be customised with a logo, contact details, a form or table of some kind and an area for a signature, some also have terms and conditions printed to the reverse. They are ideally suited to any situation whereby the user requires instant multiple copies of what is being written.

DISPLAY / SIGNAGE

ALUMIMIUM COMPOSITE
3mm or 5mm Aluminium Composite

A rigid substrate that is made up of a polyethylene core pressed between two aluminium sheets. It is our strongest sign, whilst still being relatively lightweight. Designed for more permanent fixtures.

FOAM PVC
3mm or 5mm

Foam signs are lightweight but slightly more rigid than Correx® by Corplex signs and more costeffective than Aluminium Composite. This makes them perfect for indoor signage. They are easy to drill and mount or hang.

WHITEBOARD
440mic Gloss Wipe-Off Rigid

440mic Staufen is a lightweight material used for white marker board. It can be written on with a dry wipe pen making them the perfect pick for memo boards, to do lists and team target boards.

CORREX® BY CORPLEX
4.3.5mm White Fluted

A lightweight but durable material made from environmentally friendly polypropylene with a corrugated inner. Cost-effective and suitable for indoor or outdoor use, Fluted Correx is commonly used by estate agents as “For Sale” signs.

MAGNETIC SIGNS
0.85 Gloss White Magnetic Vinyl

Take your marketing on the road with you! Magnetic signs fit securely onto a vehicle to advertise your business logo, contact details or whatever you fancy. Then, when you’re done, they can be easily peeled off without leaving a mark.

DISPLAY BOARDS
2000mic Display Board

Signs are a perfect solution for cost-effective, indoor signs. Their lightweight nature means they can easily be affixed to a wide range of surfaces.

TACTICS BOARD

PACKAGING

Create shipping supplies that stand out with our vast range of mailing boxes, bags and envelopes. Add your logo or graphics to the shipping supplies to advertise your brand while they are in transit, and rest assured that they are designed to protect the contents and keep them secure. We also offer products to enhance your packaging, like custom packaging tape and parcel tape.

Each of the products can be customised so you can tailor them to your needs.

OUR RANGE OF SHIPPING SUPPLIES

There are several products in our range of shipping supplies.

Mailers: you can print on the inside and outside of these corrugated cardboard shipping boxes, available in five sizes.

Shippers: made from durable white corrugated cardboard, these boxes are also available in five sizes with printing on the outside and inside.

Postal boxes: available in three sizes, they are made from corrugated cardboard and have an interlocking base.

Premium postal boxes: equipped with a double flap to give you more space for your message and to enhance the unboxing experience.

Book boxes: designed to hold your books, brochures and catalogues and protect them in the mail.

Wine bottle carriers: corrugated cardboard carriers with cotton handles. Three different models available depending on whether you want to carry one, two or three bottles.

Packaging tape: an eco-friendly tape made from paper with a water-activated plant-based adhesive. Available in four formats with a width of 5 cm.

Parcel tape: made from white, light brown or transparent PVC and customised with flexographic printing.

Cardboard envelopes: keep important documents intact and secure with paperboard envelopes in a choice of five formats. Optional matt or gloss lamination.

Plastic mailing bags and coloured plastic mailing bags: made from low-density polyethylene, the mailing bags are waterproof and durable so will not split during shipping. Available in white and three other colours.

CUSTOM FOOD PACKAGING

Eco-friendly custom food packaging
Create the ideal personalised food packaging for your catering business with our selection of products made from special food-safe paperboard in a range of designs. From food trays to boxes and even Doypacks, we have everything you need to protect your food products and present them in your own unique style with your choice of graphics. You can add your logo, images or text to them and promote your brand.

Custom food packaging is 100% food safe and compliant with current legislation. It is also recyclable, making it environmentally friendly and an added selling point for your shop, restaurant or food business.

CUSTOM FOOD PACKAGING RANGE

We offer a range of different custom food packaging options for your products. They are all made from food-safe Delipac© paperboard (apart from the Doypacks) and can be customised with your graphics. Here is a brief summary but you can find full information on the separate pages.

Catering Trays: delivered flat, the food trays are available in a range of sizes. Suitable for a variety of foods but perfect for displaying the city's best sushi at its finest
Food Containers: available in four formats, they are ideal for foods like popcorn and chips due to their shape and are oil- and grease-resistant

Flip Lid Food Boxes: if you need protection for your products, the easy-to-use lid on these boxes makes them ideal for all kinds of items, especially street food and takeaways

Deluxe Food Boxes: these offer a sophisticated look thanks to their interesting shape and eye-catching fastenings. Choose from either the ribbon or handle closure and various sizes

Sandwich Boxes: these boxes are designed to hold sandwiches, croissants and other bakery items, protecting them and keeping hot food warm. Their elongated shape prevents the food from being squashed
Doypacks: stand-up pouches in a choice of four materials to protect and preserve food products. Optional lamination, zip and hang hole.

CARDBOARD CUSTOM FOOD PACKAGING

Our personalised food packaging is made from a special paperboard called Delipac©, with a series of features that set it apart from other materials:

- It has a water-based coating that makes it extremely oil- and grease-resistant
- It can be placed in the freezer or microwave without any issues
- It provides the food with good heat insulation
- It is resistant to ink migration
- In addition, we use low migration inks in our printers when customising the printed food packaging, to avoid any chance of the foodstuffs becoming contaminated. These components have also been laboratory-tested to ensure their safety.

Eco-friendly custom food packaging
Our personalised food packaging is an environmentally friendly solution for your food business. These days, sustainability and making eco-friendly choices is increasingly important and it is something that customers look out for when deciding which companies to buy from.

Therefore, our eco-friendly food packaging can add value to your business. It has the following properties:
- Biodegradable
- Compostable
- Recyclable
- Street food packaging

STREET FOOD

Street food has surged in popularity over the years, with pop-ups emerging in city and town centres and food festivals abounding where all kinds of food products can be found. Not only that but our fast-paced lives mean that we love to eat on the go, ordering takeaway breakfast or lunch when we're working or travelling.

Our custom food packaging is perfect for takeaway containers; it can hold liquids and fats, and ensures easy and stain-free transportation. Whether you choose our printed food packaging to display your delicacies on the shelf, our containers for chips and popcorn or our boxes for sweets or biscuits, the only limit is your creativity.

ORDERING CUSTOM FOOD PACKAGING

Simply choose which product style suits you better and head over to the relevant page. There you will find a step-by-step order form to guide you through the process. Select your preferred customisation options, such as size, material, etc., and a free quote will be displayed automatically.

Choose from a range of prices and delivery options to suit your needs and then send us your artwork. There are Template and Instructions files available to download to help you set up your print file, but if you have any issues or questions, please do not hesitate to contact us.

SHOW THE WORLD WHAT YOU'RE MADE OF

EVERYONE KNOWS THAT APPEARANCES ARE CRUCIAL WHEN IT COMES TO FOOD, SO YOUR PACKAGING HAS A VITAL ROLE TO PLAY, BOTH GRABBING CUSTOMERS' ATTENTION AND PROVIDING ALL THE ESSENTIAL INFORMATION ON THE PRODUCT'S ORIGINS, SUPPLY CHAIN AND NUTRITIONAL VALUE.

CHOOSE THE STYLE OF CERTIFIED FOOD-SAFE PACKAGING THAT BEST SUITS YOUR PRODUCT.

VEHICLE & SHOP VINYL

Ranging from simple, low-cost vinyl lettering to full coverage graphics. Made from specialist vinyl material, your graphics can range from simple cut-out solid colour letters to intricate, full colour printed designs.

VEHICLE GRAPHICS

We provide a complete vehicle graphics service to maximise your business presence. Van graphics are designed to showcase your company details, brand and expertise in clear sight out on the roads.

We will tailor your van graphics to your exact requirements.

The perfect mobile, cost-effective advertising solution for 24/7 exposure. Using high-quality materials, our experienced teams can bring your van graphics vision to life or work closely with you to create a van graphic design that will get you noticed.

If you're looking for that extra wow factor for your vehicle livery, why not try our vehicle wrapping services.

SHOP VINYL

Maximise the potential of your premises with a unique, innovative and eye-catching fascia sign.

Custom vinyl lettering can be applied to your door, wall, window, vehicle or letterbox.

Our custom cut lettering is easy to install on any surface, and an affordable option.

Your design can include logos, numbers, letters or graphics.

SHOP GRAPHICS

Maximise the potential of your premises with a unique, innovative and eye-catching fascia sign.

When competition is fierce, it is paramount that your signage stands out.

A fascia or shop front sign is a highly visible type of outdoor business signage, usually appearing on the front of business premises to promote services or an event.

Fascia boards can be fitted almost anywhere that will benefit your business.

WHAT WE OFFER

BUILT UP LETTERS & LOGOS
Add a 3D or built up element to your signage to create a big impact and professional finish.

FASCIAS & SIGN TRAYS
Sign trays offer the ideal mounting solution to feature your graphics, lettering or logos.

FLEX FACE SIGNS
A great option for large format business signs, flex faces offer branding on a big scale ideal for getting noticed.

FLAT CUT LETTERS
Offering a range of size and material options, flat cut lettering is a popular option to create eye-catching signs.

PROJECTING SIGNS
Hanging and projecting signs are popular on the high street, standing out in customers view as they pass by.

CANOPIES & AWNINGS
Protect customers from the elements with a canopy or awning, which can be fully branded with your logo and details.

PROMOTIONAL PRODUCTS

WHY PROMOTIONAL PRODUCTS?

Gifting promotional products is a tried and tested method of promoting your business, developing great customer loyalty, and generating new leads. Giving away a promotional pen, branded keyring, or a printed bag is a sure-fire way to keep your company at the front of every potential customer's thinking.

Research proves the successful impact of marketing with branded merchandise in every industry sector.

Most people who receive a personalised giveaway are reported to still have it on their desk or in use years later.

For any business with an annual renewable product, this news is pure gold, as it helps to keep a customer for another year, instead of them looking for a competitor because they can't find your contact details.

You name the promotional items and there's a very good chance that we can print them with your branding!

From personalised drinkware and promotional food products to promotional clothing and eco-friendly products, you will be able to order high-quality merchandise with your business name and logo displayed.

You will find a fantastic choice of industry-specific promotional merchandise for corporate gifts, rewards and prizes, giveaways, seminar and conference events, exhibitions, shows, and concerts.

We also produce customisable school wear, fundraising and charity products, clubs, society, and sports club products.

All you need to do to get the ball rolling is to get in touch about your needs and we will be happy to talk you through your options and provide a quick and easy quote.

Are you in a hurry or have a tight deadline for your branded promotional product or gift? Then consider taking advantage of our Express Solution to fast-track your order and hit your deadline.

Our product range: With our range and depth of promotional products, no enquiry or request is too much. Simply put: if we can't find the product, it doesn't exist!

WEDDING STATIONARY

Before you order your stationery, it's always a smart idea to put together a list of all the things you'll need to print for your wedding. This will help you and your spouse-to-be stay on budget and figure out which pieces are essential (like your wedding invitations) and which ones you may not need.

An Unexpected Artist (Lucy Hay)

Based in St. George in North Wales, Lucy is inspired by her environment, the beauty of the North Wales countryside, the diversity of the Wildlife around her and the enormous warmth of the people that live there. Lucy's drawings and designs come from the buzzing bees in the garden, the pheasant in the field, the stag on the hill, the ducks in the pond, the ever-decreasing hedgehogs and of course dragons! Her inspiration comes from beautiful North Wales as well as her many experiences around the World. Lucy loves the idea of people wearing her art and therefore hand prints her designs onto luxurious cashmere blend scarves. These super soft accessories can be worn as scarves or as shawls and are a must-have for every season.

Some Customer Feedback

"WHAT A WONDERFUL PACKAGE!! It arrived in perfect condition and I'm over the moon. It was a Christmas present but cannot wait .... who cannot use a luscious pashmina 365 days a year??" Wylie R, Coopersburg, USA

Becoming An Unexpected Artist

Thanks to an art teacher at school, who suggested that Lucy should give up

www.debdalebowlingandsocial.co.uk

Debdale Bowling Club is a long established club for local people and has recently been extending its facilities after refurbishing its pavilion.

The Bowling Club has two greens found off within the Park area together with a Club House for the meeting & social aspects of the Club.

The bowling club run five veteran/gentlemen's teams & two ladies bowling teams during the bowling season from March to October & helps with tuition and social sessions for inexperienced bowlers on Tuesday afternoons. Any member of the public is welcome to join us at these times.

The Club hosts league club matches & runs an open bowling competition for the Cotton Carnival in July. We take great pride in providing & supporting a community facility for the benefit of local people & indicating to adjoining authorities the facilities available in Debdale Park.

Sessions including Sign Language lessons, Spanish lessons, and Indoor Curling are all being planned to take place for members in the clubhouse over the winter months.

Why not come & join us!

For more information contact: [redacted]

PRODUCT PHOTOGRAPHY

Sites such as Notonthehighstreet, Amazon, Etsy, even Auction sites like Ebay have all become commonplace for big product sellers. Not only do they demand great products, they also demand high quality photographs to support them. While in the shops, the salespeople, window displays, branding and luxury fittings might influence our purchases, on virtual platforms such as Amazon and Notonthehighstreet, all the convincing must be done by the sellers

From fashion accessories to food and drink, we are experienced with styling a wide variety of products for effective advertising and marketing shots.

We create clean, sharp, high resolution images for a number of brands.

Or you may require photos for your social media, printed projects and online projects.

LOCATION PHOTOGRAPHY

Our mobile photography studio service is a fantastic way of getting the photographs you want in a location that is convenient for you and your needs.

Not every business is looking for formal studio shots to display their products. This is why we also offer professional product photography on location. We can bring top-of-the-range lighting to use on-site, subject to your needs.

Shooting on location can be a great way of capturing emotive images that really tell your products' story.

Products shot on location often create a greater sense of desire amongst consumers than corporate cut-out shots. They help reflect your brand's values and offer the audience a tangible lifestyle ideal to connect with.

PHOTO EDITING

We offer a professional photo editing service, photo retouch; image correction, retouch of skin, eyes, figure; business, family and individual portraits.

From removing unwanted objects in your images to retouching product photography. We can supply final work in any format required and we can supply unflattened files if you require.

FILES FOR EVERY USE

We can also optimise product photography for web and social media accounts and even upload directly for you.

ARE YOU A WEDDING PHOTOGRAPHER?

We can 'batch photo' edit for photographers that have a busy schedule.

WEBSITE DESIGN

Whether you are looking for a 'portfolio' website or 'e-commerce' website Blurred Circle offer different options allowing you to have full control over your budget.

WEBSITES TO SUIT ALL

Easy to self edit and control all elements of your website with staff and admin user logins.

- we offer the following:
  - hosting
  - self build using templates and technical support
  - rolling contracts
- we build - you edit
- we build and edit

EDITING OF YOUR SITE

You do not need any technical expertise, we can assist with all elements of design and website development for a small fee.

We can also build your site and release it into your hands for future development.
